COMPANY BROCHURE

COMPANIES ARE THE NEW LEGENDS

Sowing the future

Places where different people work together to create the future, achieving their goals. But, more than that, storytellers speaking to their communities and tribes, instilling ideas, visions and culture.

Never before have companies been the focus and channel for directing individuals towards a new and renewed sense of cooperation.

Encouraging them to contribute, making the relationship between the sustainability of the current economic fabric and the individual both edifying and constructive. Shaping individuals as the necessary driving forces of a group with a valuable goal.

In this quest for a future, purpose and shared vision, the resemblance to Oasi Galbusera Bianca is evident.

RESEMBLING EACH OTHER

Environments tell the story

The Oasi Galbusera Bianca is an enchanting Relais Bio, with an ethical and sustainable environmental approach to the area adopted by a man who succeeded in involving his peers in an unprecedented idea. In 1999, Count Gaetano Besana bought and renovated this place. For the last 23 years, he has managed to motivate his group to work consistently towards the creation of a shared inspiration.

This innovative oasis of biodiversity is located in the Montevecchia and Curone Valley park, 20 km east of Como and 40 km north of Milan.

It occupies 20 hectares of terraced hills with meadows, woods, vineyards and orchards. The Oasi Galbusera Bianca grows 100 ancient apple varieties, 60 pear varieties, 40 fig varieties and 40 plum varieties, as well as including a synergistic vegetable garden. This ambitious project centred around integral organic and biodynamic agriculture can boast the crowning achievement of having salvaged more than 300 varieties of endangered fruit in the valley to date.

An ancient hamlet dating back to the 14th century, made up of five farmsteads renovated in keeping with the standards of bio architecture. All the houses and operating facilities in the Oasi are built with certified organic and biological materials.

A boarding house with 12 rooms, each of which is different from the next and furnished with objects from the life of the owner and his family.

A restaurant that serves natural cuisine and boasts the use of the very freshest raw materials grown in the Oasi, as well as a particularly varied offer of organic preserves and juices, all from the immediate vicinity.

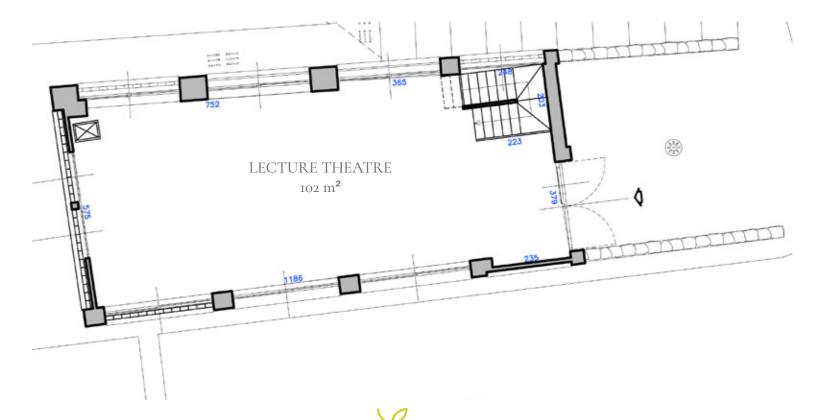

GETTING TO KNOW EACH OTHER

Spaces for reciprocity

A lecture theatre has been created in the old barn of the Oasi Galbusera Bianca Oasis, with a wooden floor and exposed beams, nine large windows overlooking the valley and all the technical equipment required for conducting training activities, conferences, meetings and webinars.

This area, in the heart of the Montevecchia and Curone Valley Park, offers plenty of green spaces for physical activities and agricultural education.

In fine weather, teams can conduct their training outdoors, in the meadows or beneath the Dreamers' Tent.

To book a meeting, team building day or smart working in nature: reception@ogb.bio

NOURISHMENT

The need to grow

The Oasi Galbusera Bianca's organic restaurant offers catering services for events, organic coffee breaks for company meetings, picnic hampers, as well as lunches and dinners in the surprising atmosphere of the rooms, or in the outdoor courtyard and in the meadows.

The menus, agreed upon with clients in advance, can be traditional with meat, vegetarian or vegan, using products from our own crops and from local suppliers.

To book a lunch, dinner or company tasting session: reception@ogb.bio

REGENERATION

The dream space

The Oasi Galbusera Bianca has 8 suites, 3 rooms with bathroom and 1 apartment. All 12 solutions are furnished with antique materials and evocative objects that have a place in everyone's memory and tell the story of recovery, including emotional recovery.

Authentic themed worlds, each different from the next, which can accommodate 12 people on single occupancy basis or 35 people if sharing.

To book a room, suite or apartment: reception@ogb.bio

TRAINING AND COLLABORATION

Honing vision

We welcome training and teambuilding with consultants picked by the companies themselves, but we are also happy to offer a wide range of activities carried out by professionals we trust.

The most popular and regularly requested topics include:

COOKING CLASS

Making dishes with organic products.

FARM GAMES

Learning about nature and organising challenges between team participants, based on the world of agriculture.

WELLNESS ACTIVITIES

Courses centred around relaxation and making contact with oneself and nature, such as Mindfulness, Music Therapy and Tree Yoga.

CREATIVE ACTIVITIES

Courses that use art and creativity to foster free expression, brainstorming and the development of new mind maps, such as Photosafari, Theatre and Clown, Megamandala.

MUSIC ACTIVITIES

Courses that use sound, rhythm and chorus to create cohesion among participants and new forms of collaboration, such as Drum Circle, Corporate Song and Tribe Song.

THE GREEN TEAM

Course of reflection on the internal and external identity of the team/company, following metaphors drawn from Nature. We are in direct contact with lecturers in Master's courses on Corporate Storytelling, Public Speaking and Personal Branding.

HERO'S JOURNEY

A course that follows the world's oldest narrative format to reflect on the theme of change and create a common pointer towards future goals.

To book these activities: reception@ogb.bio

CELEBRATING

Symbols and memories

To celebrate the end of the activity with us, we create Corporate Gift Boxes with natural products from our own crops (fresh fruit and vegetables, organic fruit nectars) and from neighbouring facilities in the area (natural body products, organic wines, etc.).

To create your Corporate Gift Box or Christmas Gift Basket: reception@ogb.bio

COMMITTING AND LETTING GO

Circumscribing areas

The Oasi Galbusera Bianca also offers a smart working service for small teams who want to spend a day working with us.

By prior arrangement, the days include coffee breaks with organic products, light lunches, Wi-Fi internet connection and the possibility of combining a relaxing massage or a tasting session with local food and wine products at the end of the working day.

In addition to this, we organise Digital-Detox days, weekends and retreats for managers, professionals and entrepreneurs looking to cleanse their minds of the stresses triggered by the urban and corporate pace of life, as well as constant connection to technological devices.

Guests who opt for this self-care opportunity can count on in-suite dining, massages, detoxifying treatments and personalised experiences, including activities in Nature, accompanied by personal coaches and expert guides.

To book/gift your Smart Working or Digital Detox day: reception@ogb.bio

USEFUL INFORMATION
